

ADMINISTRATIVE ORDER
STATE OF COLORADO
EIGHTH JUDICIAL DISTRICT

PROBLEM SOLVING COURTS AND LIVESTREAM

ORDER 2024-02

Colorado Revised Statute §13-1-132 requires criminal proceedings conducted in open court be livestreamed. The Problem-Solving Courts of the 8th Judicial District are a probationary sentence whereby supervision is conducted by the Problem-Solving Court. When the Problem-Solving Courts are functioning in a probationary capacity, there is no livestreaming required by statute given it is not an open court criminal proceeding. From time to time, there may be a reason to allow the virtual courtroom to be open and that will be in the discretion of the judicial officer in charge of that Problem-Solving Court.

SO ORDERED this 2nd day of February 2024.

A handwritten signature in cursive script that reads 'S. Blanco'.

Susan Blanco
Chief Judge, Eighth Judicial District
